Held at Mt. Zion, 1300 Summit Ave., Saint Paul, MN

Scholarships available.

MORNING SESSION ■ 8:30-11:45 am

Folkarts of India

Artist Shakun Maheshwari takes you on a whirlwind tour of India through art, dance, and story. Learn about traditional Indian dress, foods, celebrations like the Festival of Light or Divali, and the importance of the Ganges River considered the most sacred river in India. Create a mandala, henna art, and more.

Artful Mapping of India

Work with artist Meg Erke to create your own map of India turning it into a colorful work of art! Focusing on the lines and shapes that are most interesting to you on the map—a highway, a river, or another boundary, you learn names of cities, rivers and other landmarks, experiment with a variety of collage materials and create your own personal map of India.

AFTERNOON SESSION ■ 12:15-3:30 PM

The Art & Science of the Top

A popular toy and musical improvisation come together as you learn about history, science, and art of the lattu or "the spinning top" with instrument maker and composer Douglas R. Ewart. After exploring the physics of the spinning top, create your own top out of a variety of found object materials that have the potential to spin.

Then use your top in a surprising way in an improvisational music composition.

Shadow Puppetry of India

Artist Anne Sawyer-Aitch introduces the art, science, and history of shadow puppetry in India. Discover the gorgeous world of color shadow puppets and explore stories of the Hindu God Ganesh, the little boy with a baby elephant head. Then learn how to make your own batik-like puppets and create a shadow show!
